A Day in the Life of our Nurses

Florida nursing homes, VA facilities, get 3-month, \$104 million bump to cover increased nursing costs

Strategies to rebuild the NH workforce

A close-up, shallow depth-of-field photograph of a desk. In the foreground, an open notebook with a black pen resting on it is visible. The notebook's pages show some faint, illegible text and numbers. To the right, a stack of papers or a folder is partially visible. In the background, a laptop keyboard and a pair of glasses are out of focus. A smartphone is also visible on the right side of the desk. The overall scene suggests a workspace or a place for study and discussion.
